About Art & See

Louie Drehmer grew up surrounded by art. His mother is an expert painter, and he spent his childhood watching her work, learning to see the world through brushstrokes and color. Years later, during an art residency in a remote village of painters, everything clicked: local masters who had each spent a lifetime perfecting one style. One had dedicated forty years to Impressionist landscapes. Another knew Baroque shadow and light like nobody else.

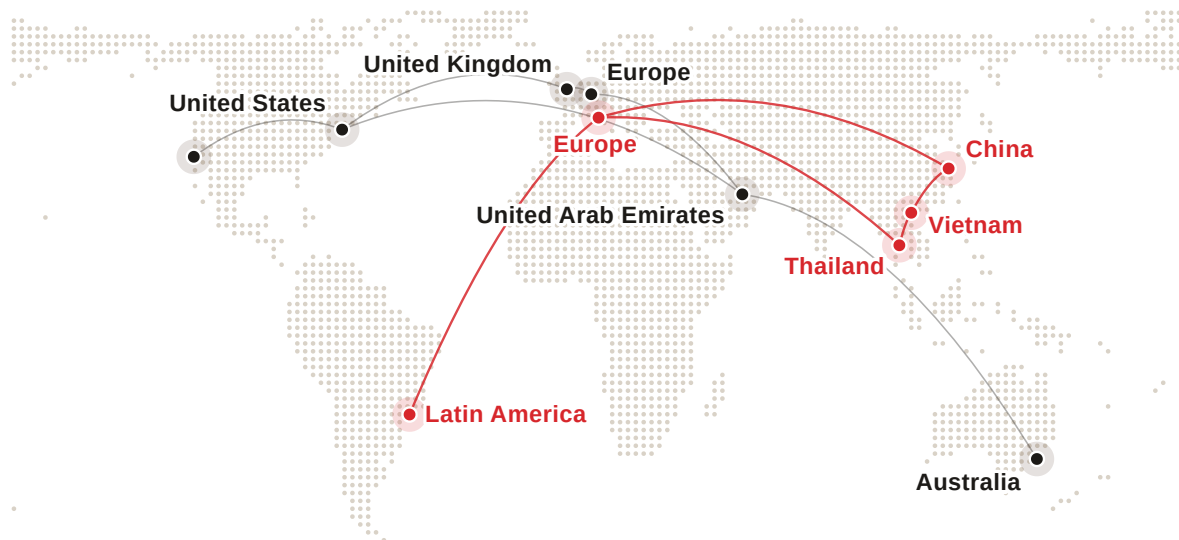

Most reproduction companies treat art like a production line: an order comes in, it goes to whoever is available. A Van Gogh lands with a portrait specialist; the painting comes out fine technically, but the feeling is gone.

"You can't ask a portrait specialist to capture Impressionist light. You can't expect someone trained in photorealism to understand Abstract Expressionist gesture. Each style has its own language."

So Art & See does it differently. Every commission is matched to an artist who specializes in that exact style. A Monet only goes to an Impressionist, a Caravaggio only to someone who lives and breathes Baroque. No exceptions.

A global network of expert artisans

More than 200 painters, each a specialist in one style. Every painting goes to the artisan who paints that style best, then ships rolled and insured to clients around the world.
